

IEEE Mini Engineering Academy @ Neptune High School

The 2018 sessions begin Wednesday, January 10th from 7-9 pm and continue to meet each Wednesday through February 21st.

(We will not host an event on February 14th in honor of Valentine's Day)

This year you will:

- *Design a better prosthetic hand**
- *Study Electrogravitics**
- *Work with 3D printers**
- *Design an energy efficient home**
- *Experiment with solar power**
- *Build circuits to power LEDs**
- *Experiment with radio design**
- *Investigate forces and motion**

These events are sponsored by the

**IEEE NJ COAST SECTION and the
Neptune High School
Engineering JumpStart Program**

Where: Neptune High School . 55 Neptune Blvd . Neptune, NJ
